

Big picture:

- <https://www.youtube.com/watch?v=jdjTYlReE-I> destroy the core! Target these cells  
<https://www.broadinstitute.org/news/researchers-find-genetic-%E2%80%9Cachilles-heel%E2%80%9D-ovarian-and-uterine-cancers> , zoom in on them if needed!
- Extract the scattered and shattered phosphate cells
  - with medical suction device, programmed to remove broken down SLC34A2.  
(<https://www.youtube.com/watch?v=sOrjFxxdYRs>)
- Apply plasma physics, I can go deeper in depth later, if needed

---

Boom, no more cancerous and toxic cells.
